SHA ENGINEERING

COMPANY PROFILE

2020

OUR COMPANY

Sha engineering is one of the leading multi service engineering entity specialized in MEP works solutions. A Multi developed systems integration firm founded by qualified & experienced professionals having expertise to execute challenging projects from design to executions in an efficient & professional manner.

SERVICES

Electrical distribution system

Mechanical

Earthing system & Lightning protection system

Low voltage power & control system

Plumbing

Cable tray & cable trunking system

COMPANY VALUES

OUR MISSION

- To be a leader in Electro-Mechanical works in the global market.
- To become the customers' most preferred choice by attaining excellence in quality and timely completed value added projects.
- To continually innovate, develop and adopt state-of-the-art technology in methods and materials to enhance productivity and cost effectiveness.

OUR VISION

- To be the top-most leading Company renowned for Excellence, Quality, Performance and Reliability in Electro-Mechanical works in the global market.

MEP WORKS

SHA engineering is proud to be a state of the art, Engineering Company offering diversified services providing to firms that deal within General electrical, Extra Low Voltage (ELV) Mechanical and Plumber works.

Electrical Distribution System

Transformer installation, Genset installation ,LV switch gear, Power cable laying, Lights

Plumbing

Water supply, Firefighting, Fuel Piping

Cable tray & cable trucking system

Ladder cable tray, Channel cable tray, Single rail cable tray

Low voltage power & control system

CCTV system, Access control system, Fire alarm and smoke detection system, PA system

Mechanical

Air-Conditioning, Water Supply, Drainage, Sewerage System

Earthing system & Lightning protection system

Bore-type Earthing, Rod Earthing, Strip or Wire Earthing

THE MAJOR MEP SERVICES INCLUDE:

Electrical Division

The Electrical Division is ready to carry out all types of electrical systems from Power Distribution to Low Voltage System in accordance with the National and International standards to the top quality, efficiency, productivity and to the satisfaction of our clients.

- Design and Build all works related to Electrical Services
- Room Management System (Facility Management System)
- Low Voltage Power & Control System
- Building Management System
- Electrical Distribution System
- Voice/Data/Structured Cabling
- CCTV

- Background Music & Public Address System
- Testing and Commissioning Renovation and Retrofits
- Medium and Low Voltage Switchgear and Cabling
- IP TV System
- Audio and Visual System
- Access Control System
- Master Clock System

THE MAJOR MEP SERVICES INCLUDE:

Mechanical Division

The Mechanical Division is involved in a very pro-active way to ensure that the project requirement is achieved. We are ready to carry out all diversified works including Central Air Conditioning, Plumbing, Drainage and Fire Protection with the top quality, efficiency, productivity and to the satisfaction of our clients.

- HVAC
- Plumbing and Drainage
- Fire Fighting /Protection System
- Mechanical Car Park Ventilation
- CO Monitoring and Control
- Kitchen Hood and Exhaust system
- Smoke Exhaust System
- Fire Detection and Alarm FM200
- Design and Build all works related to Mechanical Services

INDUSTRIES WE SERVE

We undertakes all activities relating to Electrical, Mechanical and Plumbing works covering large and medium scale facilities such as Commercial Buildings, Industrial Buildings, Residential Buildings, Educational Institutions and buildings for various Government Organizations
